PROFILE

Freelance full stack developer with a background in philosophy and semiotics from the University of Bologna and a period of study in Spain (Erasmus+, Granada). I work on projects that combine development, data and content: e-commerce integrations, automation, SEO/GEO copywriting. Native Italian, English and Spanish B2.

PERSONAL PROJECTS

Osservatorio Accoglienza — open source project
2026 · osservatorioaccoglienza.org · github.com/gianlivio/osservatorio-accoglienza
Public archive of migrant reception contracts in Italy, built from scratch.

- Ingestion and cleaning of 18,000 records from three ANAC datasets, in Python
- Parser for 90 ministerial PDFs with pdfplumber for data on unaccompanied foreign minors
- Static site in Next.js/TypeScript, deployed on Vercel
- Automated data updates with GitHub Actions
- Technical SEO and structured data

EXPERIENCE

Futura Blog — full stack developer, editor, SEO/GEO copywriter
2026, ongoing · Remote

Editorial platform with AI agents, built with a colleague from idea to launch (going public soon).

- Platform development in Next.js/TypeScript
- Writing the prompts for the AI agents that generate the content
- Editorial review, tone-of-voice calibration, SEO/GEO optimisation
- Editorial planning and Google Search Console analysis

Livello Zero — full stack developer
Jun–Oct 2026 · livellozero.games · Freelance

- Editorial website about video games, built to commission from scratch in Next.js (App Router) and TypeScript, deployed on Vercel
- Custom CMS: article writing, section customisation, image upload, back-end management of the site
- Software architecture in two parts: public site and admin panel, usable by the client without technical skills
- Ongoing maintenance after delivery

All Studios — web developer, structure and testing
2026 · Freelance

Application for teams of graphic designers: shared workspace with advanced tools and artificial intelligence, launching soon.

- Design of the site and app structure: pages, sections, organisation of content within the virtual space
- Copywriting
- Development of some pages
- Application testing before launch

NDN Luxury — web developer
2026 · Freelance

Website of a construction brand (resin and microcement).

- Creation of new site pages
- Maintenance and care of the existing site
- Analysis and improvement work
- 3D animations

ESH – Erasmus Student Housing — web developer
2026 · Freelance

Rental housing for Erasmus students.

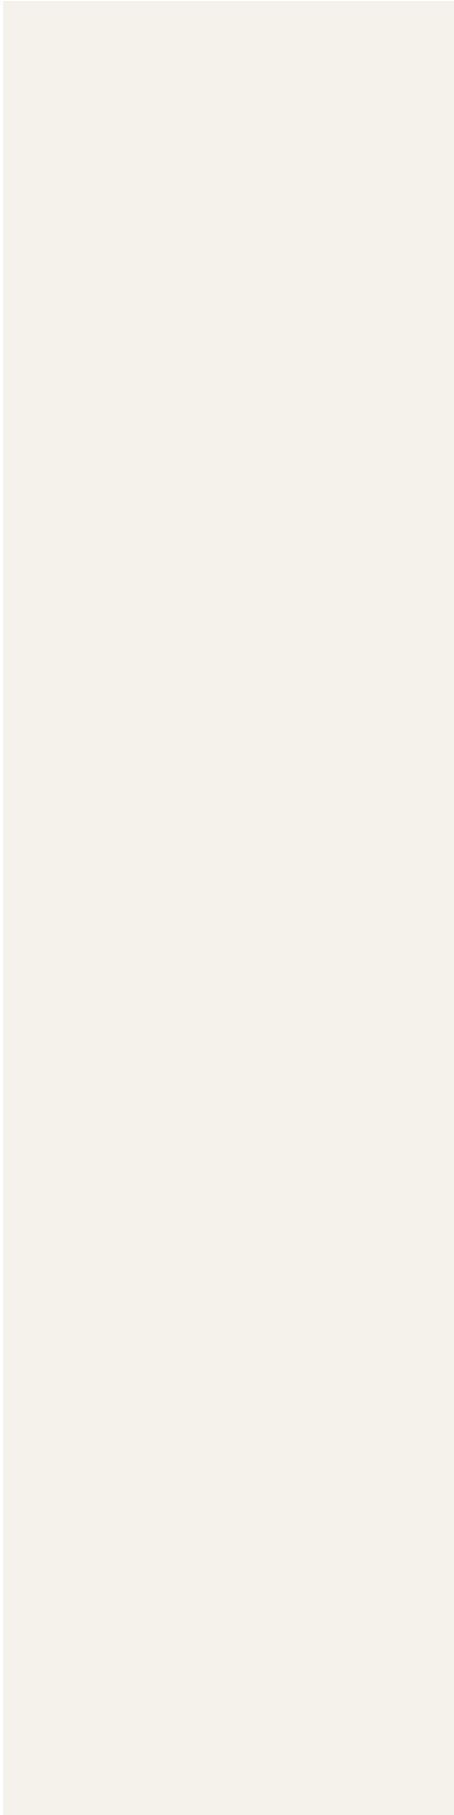

- Creation of some site pages
- Maintenance

Beauty Broker World — QA and integration
Feb–Apr 2026 · Remote

- 22+ end-to-end test scenarios on critical flows: OTP, invites, IBAN, referral, checkout, account
- Opening GitHub issues, detecting server errors (502, 409, silent duplicate invites)
- Regression testing after every fix
- Coordination with a team distributed across Italy, Brazil and the USA via branches/PRs/code review

GIANLIVIO IEMOLO

Full Stack Web Developer · Freelance

EXPERIENCE (CONT.)

Punto Luce / EDIF — full stack developer

Oct 2024–Jun 2026 · Sasso Marconi (BO)

- Full e-commerce theme on Open2B/Scriggo: mobile-first, dark mode, multi-step checkout, dynamic filters
- 20+ REST/webhook integrations: Brevo, Feedaty, Kelkoo, Doofinder, DocFinance, Facebook Graph API, Google Identity Services
- GTM/GA4 tracking, Facebook Pixel, Microsoft UET, Consent Mode v2, GDPR compliance
- Open2B ↔ Brevo synchronisation: 58,000 contacts, 23,550 products, real-time webhooks
- VAT number validation (Cerved + VIES) across 28 EU countries, 15+ internal PHP applications
- Performance: LCP from 12s to 4s, TBT -40%; WAVE/axe accessibility audit

Boolean Academy — full stack programme

Feb–Jul 2024 · Milan

- 700 hours: JavaScript, PHP, Laravel, Vue.js, MySQL, Git, REST API
- WhatsApp clone in Vue.js with custom Laravel API, testing with Postman
- Management dashboard for apartments: full CRUD, Bootstrap + SCSS
- Multi-step travel app in Laravel and jQuery

Copystudio — copywriting and brand identity

Nov 2023–Jul 2024 · Freelance

- Copywriting and brand identity for corporate websites, including organisations with public healthcare contracts
- Interviews with the client to define tone of voice, target and positioning before writing

Hetaweb — SEO copywriter

May–Nov 2023 · Freelance, Lucca

- Editorial management of the blogs of 30+ organisations, including the Italian National Rugby Team
- Writing and optimising SEO articles, performance analysis on Google Search Console
